Level with us!

This year, maybe because of some pandemic or something, we're looking for tips on how to stay afloat while you navigate virtual and online teaching.

Please share - it just may save someone else!

TIPS TO STAY ABOVE WATER:

- > How to find time for teaching and learning during a pandemic.
- > Easy and simple ways to set up your Moodle course.
- > Ways to engage with students during synchronous class time.
- > Ways to engage with students during asynchronous learning.
- > Ways to encourage peer-to-peer discussions.
- > Self-care, health and wellness.
